Fresh To Order adds small plates to menu

Fresh To Order has updated its appetizer menu to include several new small plate selections. The new dishes can be ordered as starters or as a meal to be shared.

"Our small plates are designed to not only taste great, but to be priced right as well, said Pierre Panos," CEO of Fresh To Order. "For an affordable price, guests receive a nice portion of fresh, healthy, and chef-driven flavorful food."

All small plates range from \$5 to \$8 and span a wide variety. New options include Coconut Curry Chicken and Wild Mushroom Chicken.

Fresh To Order is located at 1025 Woodruff Rd., Greenville.
